

Waterford & The East

Photo: travelamos/Shutterstock.com

chrisdorney/Shutterstock.com

Waterford, the oldest city in Ireland, is the perfect blend of ancient and modern. Gourmet restaurants and traditional pubs co-exist with medieval city walls, quaint cobbled streets, and historic buildings still standing proud after more than a thousand years. As you leave the medieval strongholds behind, you will find yourself lost in the beauty of Wild Atlantic Way scenery.

The Copper Coast Drive

This driving route explores Waterford, Tramore, Dungarvan, Comeragh Mountains Loop, Lemybrien, and back to Waterford city.

From hidden coves to mountain scenery, this loop passes Waterford's coastal UNESCO-site, The Geopark, before venturing into the mountains to the spectacular Mahon Falls.

The first stop along this smorgasbord of coastal and mountain scenery is Tramore, a quintessential Victorian seaside resort. Driving towards Newtown Head, look for the Metal Man perched on one of three pillars on the headland. From here, continue west (via R675) along the Copper Coast, a UNESCO European Geopark named for its 19th century mining heritage.

It's a hypnotic route, spotted with Blue Flag beaches, stunning views and pretty villages like Annestown and Stradbally. Finally you will arrive in Dungarvan.

From Dungarvan, the R672 links with Ballymacarbry, where a right turn takes you through the walker's wonderland that is the Nire Valley. Continuing east to the R678 and R676 crossroads, there are two options - turning north to Carrick on Suir before taking the N24 back to Waterford, or turning south (via R676) towards Mahon Falls, a 240-foot waterfall tumbling spectacularly off the glaciated range, towards Waterford via Lemybrien (via N25), spare a thought for William Crotty, a notorious highwayman hanged in the city in 1742. Crotty robbed coaches travelling along what is today's N25, and his treasure is still said to be stashed amongst the corrie lakes in the Comeragh

Mountains.

The Vee Drive Tour

The 178km Vee Drive Tour unfolds one stunning vista after another. Setting off on the N25 from Waterford, this driving loop ducks

between the Comeragh Mountains and Copper Coast following the N72 to its first stop, the dazzling heritage town of Lismore. Lismore's showpiece is its castle, founded in 1185, which belongs to the Duke of Devonshire today.

Leaving Lismore, follow the R668 as it twists and turns through the Knockmealdown Mountains culminating in breath-taking fashion at the Vee, a hairpin bend overlooking the Golden Vale.

Journey from Cahir back to Waterford via the N24 stopping at the heritage gems of Cahir Castle and Ormond Castle. The Vee Drive also features two spurs, which you can use as detours if time permits. The first zips down to Ardmore, where a round tower, cathedral and hermitage captivate visitors to this day. The second spur detours, via St. Declan's Way.

WATERFORD

shutterupeire/Shutterstock.com

No city is a better representative of Irish history than Waterford, the capital of the South East. The city was founded by the Vikings in 853 on the River Suir estuary, and it is still influenced by bygone medieval times, with the Viking Triangle, a number of symbolic landmarks embracing the buzzing city centre today.

An important scene during the Irish Civil War, then a glass-making empire, Waterford has always taken a significant role in the Republic of Ireland. Today, Waterford City remains a thriving port with great shopping, accommodation, quality gourmet restaurants, and a mix of modern and traditional pubs.

The surrounding area too has a lot to offer to the lovers of nature and history: the county is home to the world's arguably oldest lighthouse, the spectacular Copper Coast, as well as myriads of medieval castles and gardens all worth a day trip out of the city.

Reginald's Tower

Ireland's oldest civic building is impossible to miss: Reginald's Tower elegantly towers above the quay along the river Suir. Originally a fortress,

it has been in use for over 800 years now, and is a point of interest for lovers of Viking history.

TOURIST INFORMATION

MNStudio/Shutterstock.com

Best Time to Visit

Like the rest of Ireland, the region of Waterford is characterised by a mild climate, with rather stable temperatures throughout the year. The

warmest months are between June and August, with the temperature peaking at around 66.9°F (19.4°C) in July. Considerable rainfall is always to be expected, but the driest month of the year is September.

There are several festivals in and around Waterford all year long. The first major event of the year is the Viking Festival in March, followed by several summer programmes including the Festival of Travel Writing (Immrama), and the Harvest Festival in September. Winter festivals include the Waterford Film Festival around November and the Christmas Festival.

Passport / Visa

Ireland's passport and visa requirements vary for different nationalities: if you are a UK citizen, you can simply use official photo

identification, whereas if you are an EU citizen, you'll need a national identity card. Visitors from EU countries (including Iceland, Norway and Liechtenstein), USA, Australia, Canada and New Zealand, don't need a visa to visit the Republic or Northern Ireland. South African visitors can visit the Republic of Ireland visa-free, but they need a UK visa in order to enter Northern Ireland. If you're not sure whether or not to apply for a visa, we recommend that you contact the embassy or consulate in your country.
